## CTX POOL & SPA PUMP

High flow and high pressure

Saves on operating costs

Robust and reliable construction

3 year warranty

# CTX Pool & Spa Pump

Modern pools and spas are a sophisticated combination of electronic and mechanical designs that require equipment that can handle the pressure of today's swimming pool demands as well as survive in the hard Australian conditions.

With increasing levels of automation and equipment on pools and spas you need a pump that can handle moving water through your pool filter, salt chlorinator, in-floor cleaning systems or multi jet spas.

The CTX Series pump has been designed to comfortably meet these needs by delivering a much higher head pressure and overall performance than other pumps. With reliable external protection and high quality components this pump will be reliable in all weather conditions.

While meeting the demands of your equipment the CTX also moves more water,

## SPeCifiCATiOnS

using less power in fewer hours per day. This means lower electricity costs. With the need for less frequent cleaning the CTX-Series pump will save you both time and money.

## WARRAnTy

Available in 6 different sizes and covered by a limited 3 year warranty against defects in materials and workmanship the CTX-Series pool and spa pump is the perfect choice for your pool.
